Treatment

Powerful on dandruff & gentle on hair

Healthy Looking Hair Every Day

Targeted Control and Relief

Works on Any Hair Type

Dandruff-Controlling Formulation

**Anti Dandruff Shampoo / Selenium Sulfide 1%**

## Discriptions

**Peryclear™ antifungal properties:** Selenium sulfide has antifungal properties, which means it can effectively treat conditions caused by fungi, such as Malassezia, which is associated with dandruff and seborrheic dermatitis.

**Peryclear™ dandruff control:** One of the main benefits of Peryclear™ is its ability to control and reduce dandruff. It works by slowing down the production of skin cells on the scalp, reducing flaking and itching.

**Peryclear™ seborrheic dermatitis treatment:**

Seborrheic dermatitis is a chronic skin condition characterized by redness, scaling, and itching. Peryclear™ can help alleviate these symptoms by reducing inflammation and controlling the underlying fungal infection.

**Peryclear™ cleansing and oil control:** Peryclear™ acts as a cleanser for the scalp, helping to remove excess oil, dirt, and buildup. It can be beneficial for individuals with oily scalps, as it helps regulate sebum production.

**Peryclear™ relieves itching and irritation:**

Peryclear™ has soothing properties that can help relieve scalp itching and irritation associated with dandruff and seborrheic dermatitis. It provides relief by reducing the inflammation and controlling the fungal growth.

**Peryclear™ long-lasting effects:** Peryclear™ provides long-lasting results, meaning it can help keep dandruff and seborrheic dermatitis symptoms under control for an extended period.

Consult a healthcare professional if you have any concerns or if your symptoms persist or worsen.
